Subject: Amirkabir University of Technology Relay Tester Set

To: Managing Directors of the Regional Power Companies

Managing Director of Thermal Power Plants Holding

Dear Sir/ Madam,

It is a pleasure to inform you that in compliance with the objectives of resistive economy plans and the circulars forwarded by the first vice president and the policies of Ministry of Energy in support of domestic products, Amirkabir University of Technology and the related knowledge based company succeeded in industrialization and commercialization of a comprehensive protection relay tester kit.

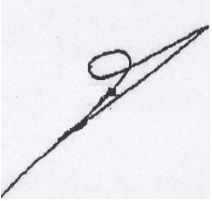

A considerable number of the testers are in use in regional power companies for testing and repairing operations in power transmission substations. The functional reports are satisfactory and the testers fully cover the testing needs of the companies.

In support of domestic production you are requested to take all measures to utilize the relay tester in your test related operations, repairs and development of substations.

Kind Regards,

Homayoun Haeri

Managing Director & Board of Directors Chairman

Subject: Amirkabir Relay Tester Set

Dear Mr. Haeri,

Following letter no. 1000/24402 dated 29 Oct. 2016 you are hereby informed that to support domestic products, our company was among the first companies to buy and make use of the relay tester kit developed by Amirkabir University. Furthermore, as the kit has proved to be efficient enough, Betanir co., a repair contract company in the region, has purchased two kits and is going to place an order for another four.

Regards,

Farhad Shabihi, Managing Director
